## **DETAILED ACTION**

### ***Reissue Applications***

The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following:

The MPEP, paragraph 1414.01 states:

“the form must be completed so that it is clear that the supplemental reissue oath/declaration addresses all errors corrected subsequent to the date upon which the last previously reissue oath/declaration (whether original or supplemental) was filed. *For example, the form could be completed by specifying the date upon which the reissue application was originally filed, the reissue application number, and the date(s) of every amendment filed subsequent to the date upon which the last reissue oath/declaration (whether original or supplemental) was filed.* Any manner of completing the form so that affiant/declarant unambiguously states that every error corrected subsequent to the filing of the last filed reissue oath/declaration (whether original or supplemental) arose without deceptive intent will be acceptable. It will not be acceptable for the new (“catch-up”) oath/declaration to simply refer to the reissue application as filed, even though the new oath/declaration may be submitted after an amendment...”

In the present reissue, the declaration filed 11/16/2010 does not specifically list all amendments filed subsequent the original oath.

It is suggested that a PTO/SB/52 be used and that 1/22/2008; 11/16/2008 and 6/24/2011 be entered on the line after "was amended on".

Claims 1, 2, 4-7 and 9 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

### ***Response to Arguments***

Applicant's arguments filed 1/13/2012 have been fully considered but they are not persuasive.

The error statement:

“Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicants.”

Is correct and should be inserted at the top of page 2 of PTO/SB/52 in the box with the text "at least one error upon which reissue is based is described as follows:"

The defect in the oath declaration is that the date of all amendments has not been listed on the appropriate line of page one of PTO/SB/52.

The Examiner agrees with Applicants arguments with respect to the amended claims filed on 6/24/2011 and 11/16/2010.

As a result, the claim copy submitted on 6/24/2011 has been marked “ok to enter” by the Examiner.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
